DIRECTORS' RESPONSIBILITY STATEMENT

The directors are responsible for ensuring that the interim financial statements give a true and fair view of the financial position of Heartland New Zealand Limited (Company) and its subsidiaries and joint venture (Group) as at 31 December 2014 and the financial performance and cash flows for the six months ended 31 December 2014.

The directors consider that the interim financial statements of the Group have been prepared using appropriate accounting policies consistently applied and supported by reasonable judgements and estimates and that all the relevant financial reporting and accounting standards have been followed.

The directors believe that proper accounting records have been kept which enable, with reasonable accuracy, the determination of the financial position of the Group and facilitate compliance of the interim financial statements with the NZX Main Board Listing Rules.

The Board of Directors of Heartland New Zealand Limited authorised the interim financial statements set out on pages 3 to 18 for issue on 23 February 2015.

For and on behalf of the Board

NOTES TO THE INTERIM FINANCIAL STATEMENTS

For the six months ended 31 December 2014

1 Reporting entity

The interim financial statements presented are the consolidated financial statements comprising Heartland New Zealand Limited (Company) and its subsidiaries and joint venture (Group). Refer to Note 4 - Significant subsidiaries and interests in jointly controlled entities and Note 5 - Structured entities for further details.

The Company is a listed public company incorporated in New Zealand under the Companies Act 1993. The registered office is 75 Riccarton Road, Riccarton, Christchurch.

All entities within the Group offer financial services or are structured entities.

2 Basis of preparation

The financial statements presented here are for the following periods:

- 6 month period ended 31 December 2014 - Unaudited
- 6 month period ended 31 December 2013 - Unaudited
- 12 month period ended 30 June 2014 - Audited

(a) Statement of compliance

The condensed interim financial statements have been prepared in accordance with Generally Accepted Accounting Practice in New Zealand (NZ GAAP), NZ IAS 34 Interim Financial Reporting and also comply with IAS 34 Interim Financial Reporting. They do not include all of the information required for full annual financial statements and should be read in conjunction with the annual report for the year ended 30 June 2014.

The Company and all the entities within the Group are profit-oriented entities. The Company is an FMC reporting entity under section 451 of the Financial Markets Conduct Act 2013 (the Act) which has financial reporting requirements under Part 7 of that Act. The interim financial statements have been prepared in accordance with the requirements of the NZX Main Board Listing Rules.

(b) Basis of measurement

The interim financial statements have been prepared on a going concern basis in accordance with historical cost, unless stated otherwise.

(c) Effect of amalgamation

When the Company was formed, under NZ IFRS, MARAC Finance Limited (MARAC) was treated as the acquirer of the Company. As a result, the Group represented a continuation of the MARAC business, and the share capital of the Group reflected this. On 1 December 2013, MARAC was amalgamated into Heartland Bank Limited and as a result of this, the reverse acquisition accounting originally applied when the Company was formed was unwound.

(d) Comparative information

Certain comparatives have been restated to comply with current period presentation.

3 Significant accounting policies

The accounting policies applied by the Group in these consolidated interim financial statements are the same as those applied by the Group in its consolidated financial statements as at, and for the year ended, 30 June 2014.

6 Segmental analysis

Segment information is presented in respect of the Group's operating segments which are those used for the Group's management and internal reporting structure.

All income received is from external sources, except those transactions with related parties, refer to Note 16 - Related party transactions and balances. Certain selling and administration expenses, such as premises, IT and support centre costs are not allocated to operating segments and are included in Other.

Operating segments

The Group operates predominantly within New Zealand and comprises the following main operating segments:

Households	Providing a comprehensive range of financial services to New Zealand businesses and families, including term, transactional and savings based deposit accounts together with mortgage lending (residential and home equity release), motor vehicle finance and asset finance.
Business	Providing term debt, plant and equipment finance, commercial mortgage lending and working capital solutions for small-to-medium sized New Zealand businesses.
Rural	Providing specialist financial services to the farming sector primarily offering livestock finance, rural mortgage lending, seasonal and working capital financing, as well as leasing solutions to farmers.
Non-core Property	Funding and realisation of assets of the non-core property division.

During the period ended 31 December 2014, a business unit previously reported in the Households segment was moved to the Business segment. Comparative segment information has been restated to be consistent with the current reporting period.

18 Fair value

The fair values of financial assets and financial liabilities that are traded in active markets are based on quoted market prices or dealer price quotations. For all other financial instruments, the Group determines fair value using other valuation techniques.

The Group measures fair values using the following fair value hierarchy, which reflects the significance of the inputs used in making the measurements.

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (derived from prices).
- Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The Group recognises transfers between levels of the fair value hierarchy as of the end of the reporting period during which the change has occurred.

(a) Financial instruments measured at fair value

The following methods and assumptions were used to estimate the fair value of each class of financial asset and liability measured at fair value on a recurring basis in the Interim Statement of Financial Position.

Derivative items

Interest rate swaps are classified as held for trading and are recognised in the financial statements at fair value. Derivatives are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at their fair value. Fair values are determined on the basis of discounted cash flow analysis using observable market prices and adjustments for counterparty credit spreads.

NOTES TO THE INTERIM FINANCIAL STATEMENTS

For the six months ended 31 December 2014

18 Fair value (continued)

(a) Financial instruments measured at fair value (continued)

Investments

Investments in public sector securities and corporate bonds are classified as being available for sale and are stated at fair value less impairment, with the fair value being based on quoted market prices or modelled using observable market inputs.

Investments valued under level 2 of the fair value hierarchy are classified as being available for sale and are valued either based on quoted market prices or dealer quotes for similar instruments, or discounted cash flows analysis.

Investments in unlisted equity securities are classified as being fair valued through profit or loss and are valued under level 3 of the fair value hierarchy, with the fair value being based on unobservable inputs.

The following table analyses financial instruments measured at fair value at the reporting date by the level in the fair value hierarchy into which each fair value measurement is categorised. The amounts are based on the values recognised in the Interim Statement of Financial Position.

20 Events after the reporting date

There have been no material events after the reporting date that would affect the interpretation of the interim financial statements or the performance of the Group.

Independent auditor's review report

To the shareholders of Heartland New Zealand Limited

We have completed a review of the interim financial statements of Heartland New Zealand Limited and its controlled entities ("the group") on pages 3 to 18 which comprise the interim statement of financial position as at 31 December 2014, and the interim statements of comprehensive income, changes in equity and cash flows for the six month period ended on that date, and a summary of significant accounting policies and other explanatory information.

Directors' responsibilities

The directors of Heartland New Zealand Limited are responsible for the preparation and fair presentation of interim financial statements in accordance with NZ IAS 34 *Interim Financial Reporting* and for such internal control as the directors determine is necessary to enable the preparation and fair presentation of the interim financial statements that are free from material misstatement, whether due to fraud or error.

Our responsibilities

Our responsibility is to express a conclusion on the interim financial statements based on our review. We conducted our review in accordance with NZ SRE 2410 *Review of Financial Statements Performed by the Independent Auditor of the Entity* ("NZ SRE 2410"). NZ SRE 2410 requires us to conclude whether anything has come to our attention that causes us to believe that the interim financial statements are not prepared, in all material respects, in accordance with the NZ IAS 34.

A review of interim financial statements in accordance with NZ SRE 2410 is a limited assurance engagement. The auditor performs procedures, primarily consisting of making enquiries of persons responsible for financial and accounting matters, and applying analytical and other review procedures.

The procedures performed in a review are substantially less than those performed in an audit conducted in accordance with International Standards on Auditing (New Zealand). Accordingly we do not express an audit opinion on the interim financial statements.

Our firm has also provided other services to the group in relation to other assurance services, general accounting and other advisory services. Subject to certain restrictions, partners and employees of our firm may also deal with the group on normal terms within the ordinary course of trading activities of the business of the group. These matters have not impaired our independence as auditor of the group. The firm has no other relationship with, or interest in, the group.

As the auditor of the group, NZ SRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial statements.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that these interim financial statements of the group do not present fairly, in all material respects, the financial position of the group as at 31 December 2014, and of its financial performance and its cash flows for the period ended on that date, in accordance with NZ IAS 34.
